Prague was a flourishing city located in modern day Czech Republic.

ALL ABOUT PROGUE

Prague is a great city full of cool sites and a great

The Prague Castle is a very important aspect of the culture of this city and I s the whole reason it came to be. After it was commissioned to be built the town really started to grow.

The people that lived here lived here were either upper middle class, rich, or poor. It was a thriving city and one built around the church at that. But a lot of the people that lived here were vassals and politicians leaving there less middle class people

PRAGUES HISTORY

Prague has been around for s very long time, around 500 BC it was settled by Celtic tribes and eventually a castle was built there called Prague castle. the reason they built it was because a nearby princess had a vision of the city being great and she commanded that it be built, during the Middle Ages bohemian kings and vassals from the Holy Roman Empire watched over the city and let it flourish beneath their careful watch.
